Have a drink, hang out, and get a signed copy of three of Kassie's most recent collections:

"so beautifully put together with pictures and words! It feels like you are taking trips with the poet, traveling to far off places."

"In a market saturated with redundant and commonplace themes, this book is inspiring and a breath of fresh air."

"the poetry takes on characteristics of raw, captivating, grievous, and emotional all at once. A must read. Bring tissue!"
